Which Medicare Advantage plan is right for me?

Here are some questions to think about:

What Medicare Advantage plans will my doctor and specialists accept?

What plans cover my medicines?

Which plans offer monthly premiums I can afford?

Which plans offer extras like dental, vision or hearing?

Get even more with Medicare Advantage

It's simple. Choose one of our primary care doctors and a Medicare Advantage plan instead of Original Medicare. You'll get the right care designed to help keep you healthier. And you'll save more.

Original Medicare or Medicare Advantage, what's the difference?

Original Medicare

Offers health insurance to U.S. citizens and qualified legal residents age 65 and older. People younger than 65 with certain medical problems also qualify for it. Original Medicare is run by the federal government, and includes two parts. Part A helps pay for hospital care. Part B helps pay for doctor visits.

Medicare Advantage

A better way to get Medicare. It covers everything that Original Medicare does, plus more. It's sold by private insurance companies. With a Medicare Advantage plan, your doctors will talk to each other and work together to give you the care you need.

What does this mean for you?

Original Medicare

You pay for every visit and every procedure.

You have to make sure you get the care you need. Plus, you have limited time with your doctor.

Your doctor is paid for the number of tests and procedures ordered, not for keeping you healthy.

Original Medicare doesn't place any limits on your yearly costs.

Medicare Advantage

Many plans offer \$0 monthly premiums, and \$0 copays on doctor visits and prescription drugs.

Your doctor and care team make sure you get the care you need, when you need it.

Your doctor is rewarded for helping you stay healthy, not paid by the test or procedure.

Limits your yearly costs. Many plan members save \$1,640 each year over Original Medicare.¹

Your Everett Clinic doctor + Medicare Advantage = A healthier you

It all adds up. You get a care team, led by your primary care doctor. Plus, you get Medicare Advantage with all the best of Original Medicare and more. Look at all the ways you get what you need to live your healthiest life.

Personalized care team

You get a primary care doctor and a care team of specialists and support staff. They all work together to offer you the very best care possible.

Annual wellness plan

You'll work with your primary care doctor to develop personalized health goals for the year. Then, you'll get regular coaching to help you reach them.
